01 Introduction & Objectives

Business DE-DK is a cross-border initiative that strengthens cooperation between companies, institutions and talent in the northern German and southern Danish border region. Funded by Interreg Deutschland-Danmark, the project connects businesses, provides market insights, and builds a thriving regional ecosystem.

1.1 Purpose of This Guide

This guide equips the Business DE-DK communications team with strategies to:

- Create content that resonates with Danish and German business audiences
- Align social media activity with website and SEO goals
- Build brand authority and visibility in the border region
- Drive measurable engagement, traffic, and partnership leads
- Establish a consistent brand presence on Facebook, LinkedIn and YouTube

1.2 Project Objectives

> **Core Objectives**
> Data & Insight: Map regional opportunities, needs and market initiatives
> Network: Build a cross-border business network for entrepreneurs and experts
> Visibility: Distribute knowledge and analyses via media channels
> Business council: Explore potential for a cross-border business council
> Workforce & Growth: Attract and retain international talent in the region

1.3 Define Deliverables

Deliverable	Description
SoMe Content guide	Full strategy document covering all platforms and content types
Caption templates	Ready-to-use post templates in English / Danish / German
Content calendar	Monthly planning grid with content themes and posting schedule
Template hashtag bank	Curated list of 50+ relevant hashtags by topic cluster
Optimization checklists	Platform-specific pre-publish checklists for Facebook, LinkedIn,
Engagement playbook	YouTube Protocols for answer, repost, and com. mgm.

02 Audience definition

Understanding who Business DE-DK speaks to is the foundation of all content decisions. The audience spans two countries, two languages, and a wide range of professional contexts.

2.1 Primary Audiences

Segment	Profile	Key Needs
Danish SME Owners	Business owners in Southern Jutland/Sønderjylland looking to expand Germany	Market info, legal guidance, partner matching
German SME Owners	Entrepreneurs in Schleswig-Holstein seeking Danish connections	Danish business culture, B2B leads, market data
HR Managers	Professionals struggling with labor shortages in the border region	Recruitment tools, relocation guides, talent networks
Investors/ Institutions	Regional chambers, trade orgs, EU-funded bodies	Data reports, strategic analyses, event info
International talent	Skilled workers considering relocation to the border region	Career opportunities, lifestyle info, employer stories

2.2 Language Strategy

Platform / Context	Recommended Language Strategy
Facebook (general)	English as default; Danish and German versions for targeted posts
LinkedIn	English for thought leadership; Danish/German for local-specific content
YouTube	English titles and descriptions for SEO; Danish/German subtitles on videos
Website Blog	Danish and German versions with English summary for SEO reach
Events & Announcements	Trilingual (DA / DE / EN) headlines
Hashtags	Mix of English + Danish + German hashtags per post

03 Content pillars & Goals

Content pillars are the core themes that define Business DE-DK's communication. Every post, article, and video should connect to at least one pillar.

3.1 The Five Content Pillars

Pillar	Topics & Themes	Example Post Idea
Business Cooperation	B2B matchmaking, cross-border case studies, partnership success stories	"How a Danish firm found its German distributor through Business DE-DK"
Data & Insight	Regional market reports, labor statistics, investment climate, economic analysis	"5 Key Trends in the Danish-German Labor Market 2025"
Talent & Workforce	Relocation stories, employer branding, skills gaps, job market tips	"What it's really like to work across the Danish-German border"
Events & Network	Upcoming webinars, B2B events, member spotlights, networking recaps	"Join us at the Cross-Border Business Summit in Flensburg"
Regional Visibility	Celebrating regional wins, media coverage, EU project highlights	"Business DE-DK featured in Der Nordschleswiger, here's why it matters"

3.2 Content Goals

- Increase brand awareness in both Danish and German business communities
- Drive traffic to business-region.eu (blog, events, B2B matchmaking)
- Generate qualified leads for network membership and B2B matching
- Position Business DE-DK as the go-to resource for cross-border business information
- Support SEO by creating shareable, keyword-rich content that earns backlinks

> **Content Mix Recommendation**
> 40% Educational: Data reports, how-to articles, market insights
> 30% Community: Member stories, event highlights, partnerships
> 20% Promotional: Service announcements, network membership, B2B matching
> 10% Culture: Regional pride, team behind the project, behind-the-scenes

04 Keyword integration & Hashtag strategy

4.1 SEO Keyword Integration

Keywords should appear naturally in captions, alt text, link previews, and post descriptions. Avoid keyword stuffing, one or two well-placed keywords per post is ideal.

Keyword	Lang	Usage context
cross-border business	EN	All platforms blog titles, LinkedIn
Danish-German border region	EN	Website, LinkedIn, Facebook
Grenzregion Dänemark Deutschland	DE	German-language posts
erhvervssamarbejde grænseregion	DA	Danish-language posts
B2B matchmaking Denmark Germany	EN	Event posts, service pages
talent attraction border region	EN	HR-focused content
business network Sønderjylland	EN / DA /DE	Network-related posts

Long-Tail Keywords | Blog & LinkedIn articles

- how to find a German business partner from Denmark
- labor shortage solutions Danish-German region
- cross-border recruitment guide northern Germany
- business opportunities in Sønderjylland for German companies
- Interreg project business development DE-DK

4.2 Hashtag Strategy

Use a tiered approach combining broad, mid-range, and niche tags across all platforms.

Tier	Hashtags
Branded (always use)	#BusinessDEDK #GrænseregionenDK #BorderRegionBusiness
Core Topic (3–5/post)	#CrossBorderBusiness #DanishGermanBusiness #B2BNetworking #BusinessNetworkDenmark
Audience Specific	#SMEDenmark #MittelstandDeutschland #TalentAttraction #WorkInDenmark #WorkInGermany
Regional / Local	#Sønderjylland #Schleswig #Flensburg #Tønder #Slesvig #Grenzregion
Broader Reach (1–2)	#EuropeanBusiness #Interreg #RegionalDevelopment

Hashtag Best Practices

Facebook: 3–5 hashtags maximum, more reduces engagement
LinkedIn: 3–5 strategic hashtags; place at end of post
YouTube: 3–5 hashtags in description; they become clickable topic tags
Always include #BusinessDEDK as your anchor branded hashtag
Research hashtag volume quarterly and retire low-performing tags

05 Writing engaging captions

5.1 The HOOK-VALUE-CTA Framework

> **Caption Structure**
> 1. HOOK (first line): Bold statement, surprising stat, question, or promise.
> Platforms truncate after 2-3 lines. The hook determines if people click 'See more'.
> 2. VALUE (body): Deliver on the hook. Share insight, a key takeaway, or a story.
> Keep it concise. 3-5 short paragraphs max. Use line breaks for readability.
> 3. CALL TO ACTION (ending): Always end with a clear, low-friction action:
> visit a link, answer a question, tag someone, subscribe, or read the full article.

5.2 Hook formulas that work

Hook Type	Example
The Statistic Hook	"Over 40% of businesses in Esbjerg say finding skilled workers is their #1 challenge."
The Question Hook	"Have you ever wondered why so many German companies are expanding into Southern Jutland?"
The Bold Statement	"The border between Denmark and Germany is disappearing, at least in business."
The Story Opener	"In 2023, Lars had a factory with capacity but no clients. Today, he ships to 3 German partners."
The Contrast Hook	"Two countries. One market. Zero barriers. That's what Business DE-DK is building."
The List Hook	"3 things you need to know before hiring across the Danish-German border:"

5.3 Caption tone & voice

Do	Avoid
Use 'we' language	Overly corporate or jargon-heavy language
Keep sentences short and punchy	Long, complex sentences that lose the reader
Mix English with native language greetings	Full machine-translated posts without review
Use emojis sparingly for visual scanning	Emoji overload that dilutes professionalism
Name-drop the region (Sønderjylland, Flensburg)	Generic posts that could apply to any organization
Include a clear link or CTA	Posts that end without direction

06 Content alignment

6.1 The Content Funnel

> **Content Flow: Website Social Back to Website**
> Step 1: Publish a blog post, report, or event page on business-region.eu
> Step 2: Create a social media teaser (short excerpt, key stat, or compelling visual)
> Step 3: Post on all relevant platforms with a link back to the full content
> Step 4: Re-share with a different angle 1-2 weeks later (quote card, infographic, poll)
> Step 5: Reference the content again in future posts, newsletters, or related articles

6.2 Content Repurposing Matrix

Original Content	Repurposed Social Format	Platform
Blog post	Key insight carousel or quote graphic	LinkedIn, Facebook
Blog post	Short quote + link to full article	LinkedIn, Facebook
Video interview	30-second clip with captions	Facebook, YouTube Shorts
Video interview	Full interview upload	YouTube
Video interview	Key quote as text graphic	LinkedIn
Event recap	Photo gallery post + highlight reel	Facebook, Instagram,
Event recap	Key learnings thread / article	LinkedIn
Event recap	Short recap video (2-5 min)	YouTube
Market data	Infographic or data visualization	All platforms
Member success story	Short testimonial post with photo	LinkedIn, Facebook

6.3 SEO Synergy

- Include target keyword naturally in the post caption when linking to an article
- Pin high-performing posts that link to top website pages
- Share content with partner organizations to generate backlinks
- Cross-post event announcements with links to the registration page
- Add website URL in YouTube video descriptions and channel description

07 Timing & Frequency guidelines

7.1 Optimal Posting Times

Platform	Best Days & Times (CET)
Facebook	Tuesday–Thursday | 9:00–11:00 AM and 1:00–3:00 PM
LinkedIn	Tuesday–Thursday | 8:00–10:00 AM (professional commute hours)
YouTube	Thursday & Friday | 12:00–3:00 PM (publish for weekend discovery)
LinkedIn Articles	Tuesday or Wednesday | Morning publication for full-day engagement

Why Timing Matters

Most professionals check LinkedIn during morning commutes (8-9 AM) and after lunch.
Facebook engagement peaks during mid-morning work breaks in Denmark and Germany.
YouTube videos get indexed and surfaced over 24-48h. Publish before weekends for peak views.
Posting consistently at the same time trains your audience and the algorithm.

7.2 Frequency Guidelines

Platform	Recommended Frequency
LinkedIn	3–4 posts per week (articles 1×/week; short posts 2–3×/week)
Facebook	4–5 posts per week (mix of articles, visuals, events, engagement posts)
YouTube	1–2 videos per month (event recaps, interviews, market explainers)
YouTube Shorts	1–2 per week (30-60 sec clips repurposed from longer content)
LinkedIn Newsletter	1 edition per month with a digest of key insights and events

Frequency Principle

Consistency beats volume. 3 high-quality posts per week outperform 7 mediocre ones.
For YouTube, one well-produced video per month builds more authority than frequent low-quality uploads.

7.3 Content Calendar Development

Plan in 4-week cycles aligned with recurring events, seasonal business themes, EU/regional campaign periods, and international observances relevant to business.

08 Image & Video optimization

8.1 Image Specifications by platform

Platform & Format	Dimensions	File Size & Format
Facebook Feed Post	1200 × 630 px (1.91:1)	Max 8 MB. JPG or PNG.
Facebook Cover Photo	851 × 315 px	Max 100 KB. JPG
Facebook Event Cover	1920 × 1005 px	Max 8 MB. JPG or PNG
LinkedIn Feed Image	1200 × 627 px (1.91:1)	Max 5 MB. JPG or PNG
LinkedIn Company Banner	1128 × 191 px	Max 2 MB. PNG
LinkedIn Article Cover	1920 × 1080 px (16:9)	Max 10 MB. JPG or PNG
YouTube Thumbnail	1280 × 720 px (16:9)	Max 2 MB. JPG or PNG
YouTube Channel Banner	2560 × 1440 px	Max 6 MB. JPG or PNG

8.2 Video Specifications

Platform	Specs	Best Practices
Facebook Video	Max 4 GB | MP4/MOV | 16:9 or 1:1 |	Add captions. 85% watched muted
LinkedIn Video	Max 5 GB | MP4 | 16:9 | 3 sec – 10 min	First 5 seconds must hook
YouTube Standard	Max 256 GB | MP4 | 16:9 | Any length recommended 5-15 min	SEO-optimized title, description with keywords, chapters

8.3 Brand Visual Guidelines

Element	Guideline
Color palette	· #1B263B · #415A77 · #778DA9 · #E0E1DD
Typography	Raleway (Thin / Light / Regular / SemiBold)
Photography style	Authentic business settings — meetings, factories, real people
Avoid	Stock photos with obvious staging, watermarked or pixelated assets
Alt text	Always add descriptive alt text for accessibility and SEO

09 Encouraging user engagement

9.1 Encouraging interaction

Tactic	How to implement
Ask questions	End every third post with a direct question.
Run polls	'Biggest barrier: language, regulation, or finding partners?'
Tag partners	Tag companies, institutions, or people mentioned.
Invite debate	'We believe the border region is undervalued by EU investors. Do you agree?'
Share UGC	Repost member stories, event photos, and testimonials (with permission)
Use 'Save this post'	Tell audience explicitly: 'Save this checklist for your next cross-border hire'
YouTube CTAs	Ask viewers to Subscribe, like, and comment.
Challenge CTA	Invite followers to share their experience in the comments.

9.2 Community management | Response protocol

Response protocol
Reply to every comment within 24 hours (business days) on all platforms.
Always like or react to comments, even brief ones.
Thank users who share your content publicly.
DM new followers with a personal welcome message (not a sales pitch)
Address complaints promptly. Never delete unless violating community standards.
On YouTube: pin a top comment with a key insight or link to expand the video's SEO value.

9.3 Engagement Metrics to track

Metric	What it measures	Monthly target
Engagement Rate Reach	Unique accounts who saw the post	Grow 10% month-over-month
Click-Through Rate	Clicks on links in posts	> 1.5% on link posts
Follower Growth Rate	New followers per month	> 5% monthly growth
Comment Rate YouTube	Number of comments per post	Average 3+ comments per post
Watch Time YouTube	Total minutes watched per video	> 50% average view duration

10 Social signals & SEO synergy

10.1 How Social Media Supports SEO

> **Social Signals Overview**
> Brand Visibility: Regular posting increases brand searches. Google treats this as a trust signal.
> Content Distribution: Viral posts expose content to journalists who may link to it organically.
> Traffic Signals: Posts driving high traffic to business-region.eu improve page authority.
> Indexation Speed: Google discovers new content faster when shared on social platforms.
> YouTube SEO: YouTube is the world's 2nd largest search engine. Optimized videos rank in Google.
> Knowledge Graph: Consistent social presence strengthens your entity in Google's Knowledge Graph.

10.2 Traffic Generation via Social

- LinkedIn: Share article links with a compelling hook + 'Read the full analysis '
- Facebook: Pin top-performing posts that link to the most visited website pages
- YouTube: Add website URL in every video description (first line) and chapter markers
- All platforms: Use link-in-bio strategies to consolidate traffic to a landing page

10.3 Backlink Opportunities

Strategy	How It Works
Share industry data publicly	Unique research gets cited and linked to by journalists and bloggers
Guest posts from members	Members contribute articles and link from their sites
Press releases on SoMe	Announce milestones on LinkedIn. Media may pick them up
Tag media partners	Tag Der Nordschleswiger, JydskeVestkysten, they may share
YouTube video descriptions	Every link generates referral traffic and potential backlinks

10.4 Social Content | SEO Checklist

- Include target keyword in post caption when linking to an article
- Use descriptive link previews with keyword-rich titles
- Write descriptive alt text on all images (location + topic)
- Tag relevant organizations to amplify reach and potential backlinks
- Pin posts linking to your highest-priority SEO pages
- Cross-promote new blog posts on all platforms within 24h of publishing
- YouTube: include primary keyword in video title, description (first 2 lines), and tags
